2. **GENERAL INTRODUCTION**

- 2.1 A tariff policy must be compiled, adopted and implemented in terms of Section 74 of the Local Government: Municipal Systems Act 2000, such policy to cover, among other things, the levying of fees for municipal services provided by the municipality itself or by way of service delivery agreements.
- 2.2 The tariffs policy has been compiled taking into account, where applicable, the guidelines set out in Section 74.

- 2.3 In setting its annual tariffs the Council shall at all times take due cognisance of the tariffs applicable elsewhere in the economic region, and of the impact which its own tariffs may have on local economic development.

3. POLICY OBJECTIVE

- 3.1 The objective of this Policy is to ensure that:
- a) The tariffs of the Municipality comply with the legislation prevailing at the time of implementation.
 - b) The Municipal services are financially sustainable, affordable and equitable.
 - c) The needs of the indigent, aged and disabled are taken into consideration.
 - d) There is consistency in how the tariffs are applied throughout the Municipality and;
 - e) The Policy is drawn in line with the principles as outlined in the Municipal Systems Act.

4. GENERAL PRINCIPLES

- 4.1 Service tariffs imposed by the local municipality shall be viewed as user charges and shall not be viewed as taxes, and therefore the ability of the relevant consumer or user of the services to which such tariffs relate, shall not be considered as a relevant criterion (except in the case of the indigency relief measures approved by the Municipality from time to time).
- 4.2 The Municipality shall ensure that its tariffs are uniformly and fairly applied throughout the municipal region.
- 4.3 Tariffs for the major service rendered by the Municipality, namely: refuse removal (solid waste), shall as far as possibly recover the expenses associated with the rendering of such service. The tariff which a particular consumer or user pays shall therefore be directly related to the standard of service received and the quantity of the service used or consumed.
- 4.4 The Municipality shall, as far as circumstances reasonably permit, ensure that the tariffs levied in respect of the foregoing services further generate an operating surplus each financial year of 10% or such lesser percentage as the Council of the Municipality may determine at the time that the annual operating budget is approved. Such surpluses shall be applied in relief of property rates and for the partial financing of general services or for the future capital expansion of the service concerned, or both. The modesty of such surplus shall prevent the service tariffs concerned from being viewed as concealed taxes.

- 4.5 The Municipality shall develop, approve and at least annually review an indigent support programme for the municipal area. This programme shall set out clearly the municipality's cost recovery policy in respect of the tariffs which it levies on registered indigents, and the implications of such policy for the tariffs which it imposes on other users and consumers in the municipal region.
- 4.6 In line with the principles embodied in the Constitution and in other legislation pertaining to local government, the Municipality may differentiate between different categories of users and consumers in regard to the tariffs which it levies. Such differentiation shall, however, at all times be reasonable, and shall be fully disclosed in each annual budget.
- 4.7 The Municipality's tariff policy shall be transparent, and the extent to which there is cross-subsidisation between categories of consumers or users shall be evident to all consumers or users of the service in question.
- 4.8 The Municipality further undertakes to ensure that its tariffs shall be easily explainable and understood by all consumers and users affected by the tariff policy concerned.
- 4.9 The Municipality also undertakes to render its services cost effectively in order to ensure the best possible cost of service delivery.

5. CALCULATION OF TARIFFS FOR MAJOR SERVICES

- 5.1 In order to determine the tariffs which must be charged for the supply of refuse removal services, the Municipality shall identify all the costs of operation of the undertaking, including specifically the following:
- a) Depreciation expenses.
 - b) Maintenance of infrastructure and other fixed assets.
 - c) Administration and service costs, including:
 - (i). Service charges levied by other departments such as finance, human resources and legal services;
 - (ii). Reasonable general overheads, such as the costs associated with the office of the Municipal Manager;
 - (iii). Adequate contributions to the provisions for bad debts and obsolescence of stock;
 - (iv). All other ordinary operating expenses associated with the service concerned (note: the costs of the democratic process in the Municipality – that is, all expenses associated with the political structures of the Municipality – shall

form part of the expenses to be financed from property rates and general revenues, and shall not be included in the costing of the major services of the Municipality).

- 5.2 The intended surplus to be generated for the financial year, such surplus to be applied:
- a) As an appropriation to capital reserves; and/or
 - b) Generally, in relief of rates and general services.
- 5.3 The cost of approved indigency relief measures.
- a) The Municipality shall further consider relief in respect of the tariffs for refuse removal for such registered indigents to the extent that the Council deems such relief affordable in terms of each annual budget.

6. REFUSE REMOVAL

- 6.1 The categories of refuse removal users as set out below shall be charged at the applicable tariffs, as approved by the Council in each annual budget.
- 6.2 Tariff adjustments shall be effective from 1 July each year.
- 6.3 A separate fixed monthly refuse removal charge shall apply to each of the following categories of users, based on the costs of the service concerned:
- a) Domestic and other users
 - b) Small business and other users
 - c) Medium business and other users
 - d) Large business and other
- 6.4 Registered indigents may receive such discount on this charge as the Council deems affordable when approving each annual budget, but on the understanding that such discount shall not be less than 50% of the monthly amount billed as a refuse removal charge.

7. MINOR TARIFFS

- 7.1 All minor tariffs shall be standardized within the municipal region.
- 7.2 All minor tariffs shall be approved by the Council in each annual budget, and shall, when deemed appropriate by the Council, be subsidized by property rates and general revenues, particularly when the tariffs will prove uneconomical when charged to cover the cost of the service concerned, or when the cost cannot accurately be determined, or

when the tariff is designed purely to regulate rather than finance the use of the particular service or amenity.

- 7.3 All minor tariffs over which the Municipality has full control, and which are not directly related to the cost of a particular service, shall annually be adjusted at least in line with the prevailing consumer price index, unless there are compelling reasons why such adjustment should not be effected.
- 7.4 The following services shall be considered as community services, and no tariffs shall be levied for their use:
- a) Disposal of garden refuse at the municipal tip site
 - b) Municipal reference library
 - c) Municipal lending library (except for fines set out below)
 - d) Municipal botanical garden, and all other parks and open spaces.
- 7.5 The following services shall be considered as economic services, and the tariffs levied shall cover 100% or as near as possible to 100% of the budgeted annual operating expenses of the service concerned:
- a) Maintenance of graves and garden of remembrance (cremations)
 - b) Housing rentals
 - c) Rentals for the use of municipal halls and other premises (subject to the proviso set out below)
 - d) Building plan fees
 - e) Bins
 - f) Cleaning of stands
 - g) Sales of plastic bags
 - h) Photostat copies and fees
 - i) Clearance certificates.
- 7.6 The following charges and tariffs shall be considered as regulatory or punitive, and shall be determined as appropriate in each annual budget:
- a) Fines for lost or overdue library books
 - b) Advertising sign fees
 - c) Penalty and other charges imposed in terms of the approved policy on credit control and debt collection
 - d) Penalty charges for the submission of dishonored, stale, post-dated or otherwise unacceptable cheques.

- 7.7 Market-related rentals shall be levied for the lease of municipal properties.
- 7.8 In the case of rentals for the use of municipal halls and premises, the Council may by resolution determine categories of tariffs of such halls and premises considering demand for the hall, socio economic conditions where the hall is located and the reasons for the hire of hall e.g. required for non-profit purposes and for the provision of a service to the community.
- 7.9 The Municipal Manager shall determine whether an indemnity or guarantee must in each instance be lodged for the rental of municipal halls, premises and sports fields, and in so determining shall be guided by the likelihood of the municipality's sustaining damages as a result of the use of the facilities concerned.

8. ANNUAL INCREASE AND / OR DECREASE

After considering all the factors, the Municipality will annually decide on a tariff increase or decrease after taking into account all factors influencing the determination of such tariffs. In reaching this decision, the Municipality has to be mindful of affordability for ratepayers by ensuring that increases are below the official consumer price index and reduced expenditure in order to make a below inflation increase sustainable.

9. EFFECTIVE DATE

The Policy shall come to effect on 1st July 2021 subject to approval by Council of Dr Nkosazana Dlamini-Zuma Local Municipality
