<u>References</u>

1. Must reconcile with 'Budgeted Financial Performance (Revenue and Expenditure)

2. Must reconcile to supporting documentation on staff salaries

3. Insert other categories where revenue or expenditure is of a material nature (list separate items until 'General expenses' is not > 10% of Total Expenditure)

4. Expenditure to meet any 'unfunded obligations'

5 This sub-total must agree with the total on SA22, but excluding councillor and board member items

6. Include a note for each revenue item that is affected by 'revenue foregone'

7. Special consideration may have to be given to including 'goodwill arising' or 'joint venture' budgets where circumstances require this (include separately under relevant notes)

8. Repairs and Maintenance is not a GRAP item. However to facilitate transparency, municipalities must provide a breakdown of the amounts included in the relevant GRAP items that will be spent on Repairs and Maintenance.

9. Must reconcile with Repairs and Maintenance by Asset Class (Total Repairs and Maintenance) on Table SA34c.

10. Only applicable to municipalities that have adopted the 'revaluation method' in GRAP 17. The aim is to prevent overstating 'depreciation and asset impairment'

1. Note that this section of Table SA 30 is deliberately not linked to Table A4 because timing differences between the invoicing of clients and receiving the cash means that the cashflow will differ from budgeted revenue, and similarly for budgeted expenditure. However for the MTREF it is now directly linked to A7. 2. Bulk purchases - Electricity & Waste Water - use detail information from Table SA1 3. Acquisition Inventory - Water & other inventory - use detail information from Table SA3
