#### Recommendations

It is therefore recommended that the Council Committee:

Note the report.

## 09.03. EXPENDITURE MANAGEMENT REPORT FOR Q1 OF 2021/22 F/Y

The CFO gave a presentation on the abovementioned item. He stated that the purpose of the report is to report to the committee on the payments made during the fourth quarter of the 2021/2022 financial year.

The accounting officer of a municipality is responsible for the management of the expenditure of the municipality. The accounting officer must take all reasonable steps to ensure that the municipality has and maintains an effective system of expenditure control, including procedures for approval, authorization, withdrawal, and payments of funds.

#### **RECOMMENDATIONS:**

That the committee notes the report

## 09.04. EXPENDITURE MANAGEMENT: JANUARY 2022

The CFO gave a presentation on the abovementioned item. He stated that the purpose of the report is to report to the committee on the payments made during January 2022.

The Accounting Officer of a municipality is responsible for the management of the expenditure of the municipality. The accounting officer must take all reasonable steps to ensure that the municipality has and maintains an effective system of expenditure control, including procedures for approval, authorization, withdrawal, and payments of funds.

There is no financial implication and no staff implication. Attached was an Annexure of payment listing Dr. NDZ Municipality, top ten creditors and list of free basic electricity.

The total number of list of payments made in the month of January 2022 was **R6 672 310.23** and the total number of highest paid creditors for January 2022 was **R 3 260 019.15**.

#### **RECOMMENDATIONS:**

That the committee notes the report

## 09.05. DEBTORS AND REVENUE MANAGEMENT REPORT:

The CFO reported on the abovementioned item. He informed the committee that the purpose of the report is to provide information to the committee on the Debtor's Management.

The Dr. Nkosazana Dlamini Zuma Municipality council must ensure all the money which is due and payable to the council is collected and for this purpose has adopted the credit control policy and debt collected policy consistent with its tariffs and complying with the provisions of the relevant legislation. The interest is added to all outstanding debtors. The Municipality has budgeted for the provision of bad debt.

## Attached to the report were the following annexures:

- 1. Age analysis 31 January 2022
- 2. Debt Collection report 31 January 2022
- 3. Data cleansing report 30 September 2021
- 4. Revenue Enhancement Strategy 31st January 2022
- **5.** General Valuation roll implementation project as at 31st January 2022.
- The debtors book has increased in the month of January 2022 by 1,86% to R74 559 494.85 with the debtor collection rate to billed revenue at 90,2% for the current year.
- Cash collected for the month of 31 January 2022 amounted to R2 876 532,91.
- An amount of R738 654,41 from July 2021 to date has been paid to support free basic electricity assisting in 8945 occasions.
- Traffic fines debtors remain concern, improved collection strategies are being implemented. An amount of R31 590.00 has been collected to date with R385 200.00 traffic notices issued.

- Revenue and debt collection unit has noted that more people are paying for their accounts since a dual collection strategy has been implemented (debt collection process is done both in house and supplemented by legal attorneys).
- The means the citizen portal is up running but we have noted a few registration issues which we have reverted to the supplier to address in conjunction with the municipal IT department. The citizen portal will be going to live on the 1<sup>st</sup> March 2022.

#### **RECOMMENDATIONS:**

That the committee notes the report.

## REPORT TO COUNCIL FOR WRITE OFF OF TRAFFIC FINES

The CFO reported on the abovementioned item. He informed the committee that the purpose of the report was to present traffic fines tickets to be written off for approval by council. Attached were annexures on traffic fines.

It is recognized that traffic department does not exist for a revenue generating department and that the issue of fines, while it has a monetary element, is a corrective measure. Furthermore, it is recognized that circumstances may arise which may make the recovery of certain debts impossible, impractical of financially unfeasible, and that such debts may have to be written off in line with GRAP 108, 11.

The CFO emphasized that based on the fine payment patterns, it is observed that once two years has pated from the issuing of the traffic fine, the expected payment grows remote and thus we recommend the write off.

Outstanding traffic fine issued before 30 June 2020 amount of R **1 172 360.00** remains uncollected after all internal processes to collect have been exhausted.

#### **RECOMMENDATIONS:**

It is therefore recommended that Council note and approve write off for the abovementioned traffic fines amounting to **R11 172 360.00.** 

#### 09.07.

#### 09.09. REPORTS ON CONTRACTS MANAGEMENT AS AT 31 **JANUARY 2022**

The CFO gave a presentation on the abovementioned item. The purpose of the report was to comply with section 116 of the Municipal Finance Management Act No. 56 of 2003 (MFMA) and the requirements as promulgated in the Contract Management Framework.

It is also to ensure good governance, financial viability, and optimal institutional transformation with the capacity to execute its mandate.

#### RECOMMENDATIONS:

That compliance with, Section 116 of the MFMA and Contract Management Framework the report be submitted to Council Committees.

#### 09.10. REPORT ON EXTENSION OF CONTRACTS FOR PRINTING **AND POSTING OF CUSTOMERS STATEMENTS**

The CFO gave a presentation on the abovementioned item. The purpose of the request the Council and Committees to consider

and approve the extension of INSEDATA contract for the provision of printing and posting of accounts statement to customers.

The CFO gave a background that the Municipality appointed inside data for printing and posting of account statements services. The duration of the contract was 4 years. Their contract came to an end in December 2021 and they were placed on a month to month arrangement until a suitable service provider is found. The tender to get a new service provider has been readvertised twice without a success.

It is for the reason that we cannot let go of this service provider as the municipality would not be able to comply with Section 102 of the Systems Act. Hence, we hereby request the authority to place INSEDEDATA contract on a month to month arrangement until a suitable service provider is sourced.

The CFO indicated that the municipality is expected to pay about R34 955.00 on a monthly basis for printing, posting and emailing account statements. The third advert will be issued on the  $9^{th}$  February 2022.

#### RECOMMENDATIONS:

- The Council Committees note the content report.
- The Council and Committees adopt the extension of the contract for INSEDEDATA to month to month basis until a suitable service provider is sourced.
- The Management to speed up the SCM process.
- The Council Committee note that the community will be notified about the intention to extend the contract in terms of section 116 of the MFMA.

## 09.11. REPORT TO COUNCIL FOR ASSET MANAGEMENT-ASSETS DISPOSAL

The CFO gave a presentation on the abovementioned item. The purpose of the report was to request the approval from Council for the disposal of capital or transfer of ownership of assets. Assets can be disposed of in the following methods:

- Transfer
- Auctions and biddings
- Donations
- Destructions/deconstruction and,

#### Scrapping

An annual conditional assessment of each individual asset was conducted for the year ended 30 June 2021. Non- current assets were identified as licenses expired, contract expired, physically impaired or not found. Investigations by the assets management unit were performed and the results are contained in the summary of assets recommended for disposal table, with the detailed asset listing in the annexures.

#### **RECOMENDATIONS:**

It is recommended that Council Committee notes and approves the disposal of the abovementioned assets in terms of section 14(2) of the MFMA Act No. 56 of 2003.

### 09.12. REPORT ON FLEET MANAGEMENT

The CFO gave a presentation on the abovementioned item. The purpose of the report was to inform the Committee members about the fleet management of the municipality.

Three vehicles added to PWBS department, the registration numbers are as follows: (NIP 1877, NIP 2285, NIP 2359). Seven (7) plant trucks are dormant due to mechanical failure of the grader.

#### Annexures:

- Tyers information
- Excessive repairs information
- Vehicles to be disposed
- Cost analysis

#### RISKS:

- 1. Vehicle Abuse
- 2. Accidents
- 3. Car Theft

#### **RECOMMENDATIONS:**

That the Committee notes the report.

## **COMMENTS AND INPUTS BY THE COMMITTEE:**

- Cllr Dlamini asked with regards to grants that the municipality has not spent yet if we were still on time since we are heading towards the financial year end.
- Cllr Dlamini asked with regards to highest paid creditors Mr. Mhlongo that on the previous Council meeting it

appeared that he was paid an amount of R1 3000 000.00 per month however the money that was paid to him for January was R1 2000 000.00 so how come it decreased from the standard payment. Councillor Dlamini enquired under report to write off traffic fines. Cllr Ngcamu asked the strategies that Management have to avoid traffic staff from receiving fines from people who are paying whilst the Council have resolved to write off their fines Cllr Ngcamu also asked if management is publicizing on website and on newspapers etc., the disposal of assets so that if there are any people who are interested can participate. Cllr Ntshiza asked about the traffic trailer which had a system software to hook-up people who are owing tickets. He asked what is management intending to do with it in order to perform it duties. • With regards to Centocow taxi rank Mr. Z. Dlamini was tasked to check if there were still cracks on the trader's Z. rooms so that they fix them if they were still there. Dlamini • The Community Services Manager answered with regards to to traffic trailer that the reason why was it not functioning respond was because of Human resources challenges to get a training for someone who was going to be dedicated in specializing with the traffic fines. She indicated they had meetings with the department of Justice and NPA to try and resolve this issue, With Councillor B.B. Ntshiza PROPOSING and Councillor D.R. Ngcamu SECONDING it was unanimously Resolved, To approve the above-presented Finance report. 09.13. **CLOSURE:** With nothing further to discuss the Chairperson thanked all members and officials for their contribution to the meeting then declared the meeting closed at 13:43. **Table A** above presents similar information as table C5 the difference is that table A includes Electrification projects that is not included on table C5 for capital expenditure because the municipality acts as an agent in terms of the service level agreement with Eskom.

The total capital budget for the 2021/2022 financial year is R 104.1 million inclusive of INEP and the MIG allocation is R 36,5 million. The cumulative capital expenditure for the period amounts to R 32,9 Million of the total budget. The municipality anticipate to spend 100% of the total capital budget as at the end of the financial year.

Therefore, the spending is sitting at 36% as at 28 February 2022 because of the delays caused by national lockdown and the delays on SCM processes, projects to be advertised were not submitted on time by the end users and in some instance suitable service provider were not found as that would lead up the project being re-advertised but the expenditure will increase at the end of second guarter and third guarter.

The municipality does not have delays arising from, poor performance on emerging contractors no appeal are in-process and no work stoppages.

If the above matters arise the will be measures to be put in place to mitigate these challenges.

In the internal funding, the municipality has only spent 23% of its overall internal budget. The overall percentage of capital expenditure is 36% as at the end of February 2022 including INEP.

#### 2.3 Material variances over 5 percent - Revenue and Expenditure

#### The main contributing factors to the over collection/billing include the following:

The YTD Operating Revenue Budget for the 2021/22 financial year is R 136,2 million against YTD actual of R 148,9 million which implies that the municipality has received more revenue than anticipated

The reasons for the variances will be discussed with reference to Table C4 of the Budget Statement Table, and is explained as follows

- Rental on Facilities and Equipment: (21%) Rental of facilities and equipment -Underestimation of revenue from ad-hoc rentals due to reduced restrictions imposed by lockdown levels which has an effect on hire and use of municipal properties.
- Interest on Investment: (9%) Is as a result of extended measures in place for municipal investments
- Interest on Outstanding Debtors: (1%) within accepted variance.
- Fines, Penalties, Forfeits: (100%) The law enforcement unit issued more fines than what was initially anticipated due to increase in the number of offenders, a stray animals and vehicles impounded due to infringement of laws
- Licenses and Permits: (-6%) The municipality has been monitoring the revenue generated and considered to adjust revenue as now the variance has decreased. It is expected to be within the acceptable range at the end of the financial year.
- Other Revenue: (-84%) Other revenue is below the projected budget at the end of this month as a result of decrease on sale of tenders due to covid-19 regulations/ restrictions.
- Gains and disposal on PPE: (-100) auction have not taken place.

#### **Operating Expenditure material variances**

The YTD Operating Expenditure for the 2021/22 financial year is R 119,3 million against YTD budget of R 158,3 million which implies that the municipality has a negative variance of R -38,9 million in expenditure arising from different line items.

The reasons for the variances will be discussed with reference to Table C4 of the Budget Statement Table, and is explained as follows

- Employee related cost: (-12%) the variance is a result of the timing of filing of vacant positions.
- **Debt impairment:** (-97%) expenditure will be recognised at the end of the financial year. Debt impairment relates to long overdue customer accounts over 90 days. It is a non-cash

item and is budgeted at a rate being the difference of the cash the municipality intends to collect and what is not collectable from customers from prior years.

- Items included in this category are bad debts written off which at the time of compiling report, there were no provisions recorded on the financial system resulting in this variance
- Finance charges: (-92%) Delays on finalisation of tender for leasing machines.
- Materials: (-38%) this variance is from the amount originally budgeted. maintenance and repairing of assets are going according to the adopted maintenance plan.
- Contracted Services: (-42%) Cost containment regulations yielded positive results. There are savings and reduction on a number of operational costs items i.e., Accommodation, catering and due to delayed community programmes as a result of national lockdown and other programmes are scheduled to take place in the upcoming quarters.
- Transfers and Subsidies: -32%, This is the expenditure incurred in providing free basic services to the community and is dependent on the number of people who collected the free basic electricity. The year-to-date actual is below the projected amount as the municipality is still waiting for February 2022 invoice.
- Other Expenditure: (-31%) Cost containment regulations yielded positive results. There are savings and reduction on a number of operational costs items i.e., Accommodation, catering due to delayed community programmes as a result of national lockdown and other programmes are scheduled to take place in the upcoming quarter.
- A close monitoring of expenditure will be performed, also to be cautious to not automatically view this underspending as savings which may be used elsewhere before analysis some number of programmes commerce in the third quarter for which budget must be retained, but the programmes are steady commencing.

#### <u>Capital Expenditure material variances</u>

The Capital Expenditure for the 2021/22 financial year is R 32,9 million against YTD budget of R 60,3 million which implies that the capital expenditure incurred is significantly below the projection.

Capital Expenditure: (-45%) variance is due to delays in implementing projects as a result of the Covid-19 restrictions, rezoning processes as well as the delays in Environmental Impact Assessment.

There were minor delays in other appointments as the advertisement were done before the end of the fourth quarter. However, project implementation is expected to improve before the end of the second quarter, the slow spending on the capital budget has been noted and remedial measures are to be put in place.

The department is also actively recovering old debt, which has yielded an improvement in receipts.

- The majority of debtors under this category is over 120 days and above, the matters have results in legal processes, estate late matters which pose a challenge as regards to debt collection. There are also certain accounts which are under query for various reasons, namely verification of government accounts prior to payment. The most significant debtors are reported to MANCO and Finance Portfolio Committee.
- The credit control measures for collection are implemented, especially for old debt the municipality has attorneys to assist with collection of long outstanding debt when all internal processes have been exhausted.
- Revenue and debt collection unit has noted that more people are paying for their accounts since a dual collection strategy has been implemented (debt collection process is done both in-house and supplemented by legal attorneys).

REPORT ON THE DR NKOSAZANA DLAMINI ZUMA LOCAL MUNICIPALITY

ACCOUNTING SERVER/SYSTEM CRASH

AUTHOR:

**Chief Financial Officer** 

**FILE NUMBER: BTO** 

**PURPOSE** 

To alert the Committee and Council of the recent accounting server crash

LEGISLATIVE FRAMEWORK

Section 65(2)(D) of the MFMA set that, "The accounting officer must for the purpose of subsection (1) take all reasonable steps to ensure that the municipality has and maintains

a management, accounting and information system."

Section 65(2)(j) of the MFMA set that, "All financial accounts of the municipality are closed

at the end of each month and reconciled with its records."

**DISCUSSION** 

At the beginning of February 2022. The municipality experienced massive spell when the

Accounting Server (Samras) crashed. At this stage we are not sure what caused the

system/server failure. There are several causes of these situations, which sometimes

include:

1. Power failure - is a common phenomenon that is observable in most organizations.

2. Network Problem: Network problem is another big issue.

3. Server Hardware Problem: A server can go down due to some hardware failure in

the server.

4. Operating System Crashes:

- Application Crash: Sometime it may happen that the application that is serving your client may be crashed. There may have several causes of an application failure. Like – resource exhaustion, Computational or logic error, system overload, database corruption and many more.
- DOS Attack: DOS means Denial of Services, is an attack where the legitimate or authorized user of the system does not get access to the system because some other illegitimate or unauthorized user unnecessarily making the system busy.
- 7. High Server Workload:
- 8. Viruses and Worms

This incident has caused a lot of setbacks in the processing of daily finance transactions. We are experiencing processing delays as a result of the temporary server that is giving us errors and faults.

### **PROGRESS TO DATE**

- We are currently using the backup server as a live server that was stationed in Himville
- Samras have recommended that the crashed server be taken to Dell (manufacture) for possible data recovery and analyses
- Backups are not done at this stage
- ICT is busy engaging the third party that will assist with data backup

### FINANCIAL AND OTHER IMPLICATIONS

- No cost determination at this stage. However, there will be costs for crashed server analysis and possible data recover.
- Delays in executing accounting transactions on time
- Accounting errors which delays the preparation of financial reports

### **RECOMMENDATIONS**

It is recommended that the report be noted by the Committee

### REPORT TO COUCIL ON THE INVALIDITY OF PREFERENTIAL PROCUREMENT REGULATIONS 2017

**AUTHOR: CHIEF FINANCE OFFICER** 

(File Ref: Budget and Treasury Office)

(1st Level: Manco)

(2<sup>nd</sup> Level: Finance Committee)

(3<sup>rd</sup> Level: Exco) (4<sup>th</sup> Level: Council)

### 1. PURPOSE OF REPORT

The purpose of the report is to appraise the Council and all other Council Committees about the invalidity of the procurement regulations.

### 2. BACKGROUND AND REASONING

- 1. In September 2020, the Supreme Court of Appeal ("SCA") declared that the Preferential Procurement Regulations ("Regulations") issued by the Minister of Finance in 2017 were invalid. The Minister of Finance appealed against this decision to the Constitutional Court which upheld the SCA's decision in a judgment handed down on 16 February 2022.
- 2. The Regulations were issued in terms of the Preferential Procurement Policy Framework Act ("PPPFA") and allowed governmental, parastatal and state owned entities to disqualify tenderers upfront (without first considering their tender price and other conditions) if they did not comply with the following pre-qualification criteria set out in the Regulations
  - 2.1 having a stipulated minimum BBBEE rating;
  - 2.2 being an Exempted Micro-Enterprise ("EME") or Qualifying Small Enterprise ("QSE"). An EME is a firm with annual revenue of R10 million or less and a QSE is a firm with annual revenue of between R10 million and R50 million;
  - 2.3 subcontracting at least 30% of the tender to an EME or QSE which is at least 51% owned by Black People, Black youth, Black women, Black people with disabilities, Black People living in rural or underdeveloped areas or townships or Black People who are military veterans.
- 3. The PPPFA provides that tenders must first be assessed in terms of a preference point system where price is the dominant basis on which procurement decisions must be made. The PPPFA provides that at least 80 out of 100 points must be allocated based on price for tenders between R30 000 and up to R50 million and at least 90 out of 100 points must be allocated based on price for tenders over R50 million. The remaining points may take non price considerations like BBBEE into account. As the 90:10 and 80:20 split is a statutory requirement, there can be no deviation from it unless the PPPFA is amended by Parliament.

- 4. The SCA found that the pre-qualification criteria in the Regulations deviated from section 217(1) of the Constitution which requires organs of state and "institutions identified in national legislation" to procure good or services in accordance with a "system which is fair, equitable, transparent, competitive and cost effective". The Regulations did not create a framework for the application of the pre-qualification criteria and this could lend itself to abuse. The Minister's decision to allow pre-qualification criteria also contradicted and deviated from the 90:10 and 80:20 split set out in the PPPFA and he had accordingly exceeded his powers.
- 5. Because of the interconnectedness of the Regulations, the SCA declared the Regulations invalid in their entirety (and not just the portion of the Regulations dealing with pre-qualification criteria). However, this order was suspended for 12 months from the date of the order (8 September 2020) to allow the Minister of Finance time to remedy the defects.
- 6. The Constitutional Court focused on the narrow issue of whether the Minister of Finance had the power to issue prequalification criteria in the Regulations. The PPPFA provides that the Minister may issue regulations "regarding any matter that may be necessary or expedient to prescribe in order to achieve the objects of the Act". A five judge majority found that the Minister had exceeded his powers. A four judge minority however disagreed. The Court, unfortunately, did not deal with the key issue of whether or not pre-qualification criteria in state tenders complied with the requirements of section 217(1) of the Constitution (this issue formed the basis for the SCA decision).
- 7. The Constitutional Court and SCA decisions have very significant implications. The SCA suspended its declaration of invalidity for 12 months but such 12 month period has expired. Any state tenders which involve pre-qualification criteria are open to challenge. The invalidity of the Regulations in their entirety causes serious uncertainty and it is hoped that the Minister will urgently take steps to rectify the situation.
- 8. The laws governing public procurement are currently being reviewed and a draft Public Procurement Bill has been published which would repeal the PPPFA. Significantly the Bill does not repeat the statutory 90:10 and 80:20 requirements in the PPFA. The Bill provides for the Minister of Finance to prescribe a framework for preferential treatment and procurement which must "consider" the Broad-Based Black Economic Empowerment Act and include a preference point system and applicable thresholds and "measures for preference to set aside the allocation of contracts" to promote a category or categories of persons or businesses or a sector, South African manufactured goods, local technology, services by South African citizens, job creation and enterprises in townships, rural or undeveloped areas or in a particular province or municipality.
- 9. The Bill has however not yet been passed by Parliament and the final Act and any framework subsequently issued by the Minister of Finance would still be subject to the section 217(1) Constitutional requirements for public procurement, namely that the system must be "fair, equitable, transparent, competitive and cost effective". Although section 217(2) of the Constitution states that section 217(1) does not prevent a preferential procurement policy for state tenders, it is clear that the section 217(1) requirements must be taken into account and a balance will have to be maintained in any future laws and regulations.

10. "As it stands, the ruling of the Supreme Court of Appeal remains in force and therefore, the whole set of the 2017 Regulations are invalid and unconstitutional". This therefore means the latest ruling, it means that the Pre-Qualifying criteria, subcontracting instructions as well as the Local Content and Production designation policy, etc.; have now all become null and void and can't be applied by any organ of the state."

### 3. PROGRESS TO DATE

- 3.1 The Preferential Procurement Regulations 2017 was declared invalid in 2020 and the Minister submitted an application to suspend the invalidity for a period of 12 months and indeed on the 02 November the application was granted.
- 3.2 On Friday 25 February 2022 National Treasury issued a communication to all Organs of State advising about the recent judgement of the Constitutional Court concerning Preferential Procurement Regulations 2017. And also advised the following:
- 3.2.1 Tenders advertised before 16 February 2022 be finalized in terms of the Procurement regulations.
- 3.2.2 Tenders advertised on or after 16 February 2022 be held in abeyance.
- 3.2.3 And no new tenders be advertised.
- 3.3 On Thursday 03 March 2022 National Treasury issued an advisory note clarifying the first communication and also stating that organs of State can request an exemption from the provisions of the Act for a specific procurement or category of procurements in terms of section 3(c) of the Act.
- 3.4 The Municipality is in the process of submitting its exemption application to the Minister in order to ensure that service delivery is not delayed and to fulfil the interest of Dr NDZ Community.

### PUBLICATION OF DRAFT PREFERENTIAL PROCUREMENT REGULATIONS, 2022 FOR PUBLIC COMMENT

In accordance with section 5(2) of the Preferential Procurement Policy Framework Act, 2000 (the Act), the draft Preferential Procurement Regulations, 2022 (the draft Regulations), in the Schedule are published for public comment. These Regulations are intended to be made by the Minister of Finance in terms of section 5(1), read with section 2(1)(b) and (c) and the definition of "prescribed" in section 1, of the Act.

The draft Regulations propose to prescribe—

- the threshold amounts in which the 80/20 and 90/10 preference point systems must be used, together with the formula to be applied; and
- other matters necessary or expedient in order to achieve the objects of the Act.

Written comments on the draft Regulations submitted by 11 April 2022 to CommentDraftLegislation@treasury.gov.za will be considered. By making a submission, the commentor agrees that the name of the commentator and the submission may be made public by the National Treasury and the submission will be disclosed if requested in terms of the Promotion of Access to Information Act, 2000.

### **Definitions**

In these Regulations, unless the context indicates otherwise, any word or expression to which a meaning has been assigned in the Act must bear the meaning so assigned—

"National Treasury" has the meaning assigned to it in section 1 of the Public Finance Management Act, 1999 (Act No. 1 of 1999):

"price" includes all applicable taxes less all unconditional discounts;

"Rand value" means the total estimated value of a contract in Rand, calculated at the time of the tender invitation; and

"the Act" means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

### **Application**

2. These Regulations apply to organs of state as defined in section 1<sup>1</sup> of the Act

### Identification of preference point system

- **3.**(1) An organ of state must, in the tender documents, stipulate—
- (a) the preference point system applicable to the tender as envisaged in regulations 4, 5, 6 or 7; and
- (b) any specific goal as envisaged in section 2(1)(d) and (e) of the Act.
- If it is unclear whether the 80/20 or 90/10 preference point system applies-
- (a) in the case of a tender to generate income or to dispose of or lease assets, the highest acceptable tender; or
- in the case of any other tender, the lowest acceptable tender, must be used to determine the applicable preference point system.

### 80/20 preference point system for acquisition of goods or services with Rand value equal to or above R30 000 and up to R50 million

4.(1) The following formula must be used to calculate the points out of 80 for price in respect of a tender with a Rand value equal to or above R30 000 and up to a Rand value of R50 million, inclusive of all applicable taxes:

$$Ps = 80 \left( 1 - \frac{Pt - P \min}{P \min} \right)$$

<sup>1</sup> Paragraph (f) of the definition of organ of state in section 1 of the Act includes any other institution or category of institutions included in the definition of "organ of state" in section 239 of the Constitution and recognised by the Minister by notice in the *Government Gazette* as an institution or category of institutions to which the Act applies. Government Notices—

R. 501 of 8 June 2011 recognises, with effect from 7 December 2011, all public entities listed in Schedules 2 and 3 to the Public Finance

Management Act, 1999; and
R. 571 of 15 June 2017 recognises, with effect from 17 June 2017, national and provincial government components listed in Schedule 3 to the Public Service Act, 1994 and municipal entity as defined in section 1 of the Local Government: Municipal Systems Act, 2000, as institutions to which the Act applies.

Note should be taken of notices issued from time to time in terms of paragraph (f) of this definition. The application of these Regulations is also subject to applicable exemptions approved in terms of section 3 of the Act.

### Where-

Ps = Points scored for price of tender under consideration;

Pt = Price of tender under consideration; and

Pmin = Price of lowest acceptable tender.

- (2) A maximum of 20 points may be awarded to a tenderer for the specified goals envisaged in section 2(1)(d) and (e) of the Act.
- (3) The points scored must be rounded off to the nearest two decimal places.
- (4) Subject to regulation 9, the contract must be awarded to the tenderer scoring the highest points.

### 90/10 preference point system for acquisition of goods or services with Rand value above R50 million

**5**.(1) The following formula must be used to calculate the points out 90 for price in respect of a tender with a Rand value above R50 million, inclusive of all applicable taxes:

$$Ps = 90 \left( 1 - \frac{Pt - P \min}{P \min} \right)$$

Where-

Ps = Points scored for price of tender under consideration;

Pt = Price of tender under consideration; and

Pmin = Price of lowest acceptable tender.

- (2) A maximum of 10 points may be awarded to a tenderer for the specified goals envisaged in section 2(1)(d) and (e) of the Act.
  - (3) The points scored must be rounded off to the nearest 2 decimal places.
- (4) Subject to regulation 9, the contract must be awarded to the tenderer scoring the highest points.

### 80/20 preference points system for tenders to generate income or to dispose of or lease assets with Rand value equal to or above R30 000 and up to Rand value of R50 million

**6.**(1) The following formula must be used to calculate the points for price in respect of a tender to generate income or to dispose of or lease assets, with a Rand value equal to, or above R 30 000 and up to a Rand value of R50 million, inclusive of all applicable taxes:

$$Ps = 80\left(1 + \frac{Pt - Pmax}{Pmax}\right)$$

Where-

Ps = Points scored for price of tender under consideration;

Pt = Price of tender under consideration: and

Pmax = Price of highest acceptable tender.

- (2) A maximum of 20 points may be awarded to a tenderer for the specified goals envisaged in section 2(1)(d) and (e) of the Act.
  - (3) The points scored must be rounded off to the nearest 2 decimal places.
- (4) Subject to regulation 9, the contract must be awarded to the tenderer scoring the highest points.

### 90/10 preference point system for tenders to generate income or to dispose of or lease assets with Rand value equal to or above R50 million

**7.**(1) The following formula must be used to calculate the points for price in respect of a tender to generate income or to dispose of or lease assets, with a Rand value above R50 million, inclusive of all applicable taxes:

$$Ps = 90\left(1 + \frac{Pt - Pmax}{Pmax}\right)$$

Where-

Ps = Points scored for price of tender under consideration;

Pt = Price of tender under consideration; and

Pmax = Price of highest acceptable tender.

- (2) A maximum of 10 points may be awarded to a tenderer for the specified goals envisaged in section 2(1)(d) and (e) of the Act.
  - (3) The points scored must be rounded off to the nearest 2 decimal places.
- (4) Subject to regulation 9, the contract must be awarded to the tenderer scoring the highest points.

### Criteria for breaking deadlock in scoring

- **8.**(1) If two or more tenderers score an equal total number of points, the contract must be awarded to the tenderer that scored the highest points for specific goals.
- (2) If two or more tenderers score equal total points in all respects, the award must be decided by the drawing of lots.

### Award of contracts to tenderers not scoring highest points

**9.** A contract may be awarded to a tenderer that did not score the highest points only in accordance with section 2(1)(f) of the Act.

### Remedies

- **10.**(1) Upon detecting that a tenderer submitted false information regarding specific goals or any other matter required in terms of these Regulations which will affect or has affected the evaluation of a tender, the organ of state must—
- (a) inform the tenderer accordingly; and
- (b) give the tenderer an opportunity to make representations within 14 days as to why—
  - (i) the tender submitted may not be disqualified or, if the tender has already been awarded to the tenderer, the contract should not be terminated in whole or in part; and
  - (ii) the organ of state should not restrict the tenderer from conducting any business for a period not exceeding 10 years with any organ of state.
- (2) After considering the representations referred to in subregulation (1)(b), the organ of state may—
- (a) if it concludes that such false information was submitted by the tenderer—
  - (i) disqualify the tenderer or terminate the contract in whole or in part; and
  - (ii) if applicable, claim damages from the tenderer;
- (b) if it concludes that the tenderer must be restricted, restrict the tenderer from doing business with any organ of state for a period not exceeding 10 years.
  - (3) An organ of state must, within five working days—
- (a) inform the National Treasury, in writing, of any action taken in terms of subregulation (2); and
- (b) if it decides to restrict a tenderer, request the National Treasury to publish the name of the tenderer in its list of restricted suppliers.
- (4) The National Treasury must, within three working days after receiving a request in terms of subregulation (3)(b), publish the name of the tenderer in its list of restricted suppliers.

### Repeal of regulations

**11.** Any regulations made under section 5 of the Act are repealed.

### Short title and commencement

**12.** These Regulations are called the Preferential Procurement Regulations, 2022 and take effect on the date of promulgation of these Regulations.

### JUDGMENT

### Zondi JA (Ponnan and Dambuza JJA and Eksteen and Goosen AJJA concurring)

### Introduction

[1] This matter concerns the validity of the Preferential Procurement Regulations, 2017 (the 2017 Regulations) promulgated by the respondent, the Minister of Finance (the Minister) on 20 January 2017 under s 5 of the Preferential Procurement Policy Framework Act 5 of 2000 (the Framework Act). The appellant, Afribusiness NPC (Afribusiness), who unsuccessfully challenged the regulations before the Gauteng Division of the High Court, Pretoria (high court), appeals with the leave of this court.

### Background

[2] The background facts are briefly the following. On 14 June 2016, the Minister acting in terms of s 5(2) of the Framework Act published Draft

Procurement Regulations, 2016 for public comment. The closing date for submission of comments was 15 July 2016. The Draft Regulations were intended, upon their adoption and promulgation, to replace the Preferential Procurement Policy Regulations of 2011 (the 2011 Regulations).

- [3] According to the report of the Preferential Procurement Review Task Team, a body that was convened by the National Treasury, through the Office of the Chief Procurement Officer, one of the reasons for undertaking a review of the public sector Preferential Procurement System was that the 2011 Regulations were not in compliance with the Framework Act to the extent that 'the Regulations attempted to restrict the framework for preferential procurement policies to Black Economic Empowerment (BEE) credentials to the exclusion of other goals contemplated in the Framework Act, causing the 2011 Regulations' alignment to the Broad-Based Black Economic Empowerment Act's Scorecard to be unlawful'.
- [4] On 23 August 2016, after the time for comment on the Draft Regulations had elapsed, Afribusiness, a non-profit organisation representing about 10 500 members in the business community, addressed a letter to the Minister expressing its concern that the period of 30 days allowed by the Minister for comments, was inadequate and requested that the period be extended by a further period of between 60 and 90 days. On 29 August 2016, the National Treasury informed Afribusiness that the Minister was considering an extension and that Afribusiness would be advised once the Minister had taken a decision. On 12 September 2016 the National Treasury advised Afribusiness that the Minister had, by Notice published in the Government Gazette of 2 September 2016, extended the date for comments to 23 September 2016. It would seem that up until 12 September 2016 Afribusiness was not aware that the date had been extended and that it could submit comments. On 15 September 2016 Afribusiness submitted its comments on the Draft Regulations to the Minister. In its submissions, it reiterated that an extension of 60 to 90 days would have sufficed to ensure meaningful

public participation considering that some of its members, who would have wished to comment, did not have sufficient time to do so.

- [5] On 20 January 2017 the Minister, in terms of s 5 of the Framework Act adopted the 2017 Regulations and caused them to be published in the Government Gazette. Aggrieved by the Minister's decision, Afribusiness, on 19 May 2017 brought an application in the high court in which it sought, inter alia, the following relief:
- 1. That the promulgation and adoption of the Preferential Procurement Regulations, 2017 by the Respondent is reviewed and set aside;
- 2. That the adoption of the Preferential Procurement Regulations, 2017 be declared invalid:
- 3. The Respondent be ordered to pay the costs of the application.'
- [6] It was stated in the founding affidavit in support of the application that:
- The application is instituted on the basis that Respondent acted *ultra vires* of the powers conferred upon him by the Preferential Procurement Policy Framework Act, No 5 of 2000, read with Section 217 of the Constitution. Furthermore it is submitted that Respondent failed to provide sufficient opportunity for reasonable and meaningful public participation, with reference to the notice and comment procedure implemented by the Respondent, regarding the finalisation of the Regulations, with the consequence that the Regulations are not rationally connected to relevant information which was not taken into account by the Respondent. Furthermore it is contended that the Regulations adopted are so unreasonable that no reasonable person could have so exercised the power to promulgate same, and the Regulations were adopted arbitrarily and capriciously.
- 4.3 It is consequently contended that the promulgation and adoption of the Regulations by Respondent should be reviewed and set aside upon the grounds mentioned in Section 6(2)(a)(i), Section 6(2)(b), Section 6(2)(c), Section 6(2)(d), Section 6(2)(e)(i), Section 6(2)(f)(i) and(ii) and Section 6(2)(h) of the Promotion of Administrative Justice Act, No 3 of 2000 ("*PAJA*").

- The Minister opposed the application, principally on the following grounds: [7] he denied that his decision to promulgate the 2017 Regulations is an administrative action that is reviewable under the Promotion of Administrative Justice Act 3 of 2000 (PAJA). He contended therefore that the application had to be dismissed. As regards the merits, the Minister contended, first, that the application of prequalification criteria in terms of the 2017 Regulations, is discretionary and will not apply in every case. The discretion created, he maintained, falls to be exercised by the relevant organ of state in the light of all relevant circumstances, which was congruent with, and intra vires, the provisions of the Framework Act; second, that the procedure he followed in promulgating the 2017 Regulations not only met, but in fact exceeded the requirements of PAJA; third, that the Socio-Economic Impact Assessment System (SEIAS) guidelines are just that, and compliance with them, is not a legal prerequisite to the validity of the 2017 Regulations; and fourth, that the categories of preference under the 2017 Regulations are based on sound constitutional principles, are not irrational, unreasonable, or unfair.
- [8] The Minister's contentions were upheld by Francis J and on 28 November 2018 he dismissed the application with costs, including the costs of two counsel. The application for leave that was subsequently brought by Afribusiness was similarly dismissed.

### Application by the Amicus to be admitted and to lead further evidence

[9] Subsequent to the proceedings in the high court, the South African Property Owners' Association NPC (SAPOA), a non-profit company whose mission is to represent, protect and advance its members' commercial property interests within the property industry, applied to this Court to be admitted as amicus curiae. SAPOA alleged that its interest in this appeal is ensuring a competitive bidding process in the property sector and, in particular, properties supplied to organs of state. SAPOA adopted the position that the appeal ought to succeed.

[10] Whilst Afribusiness consented to SAPOA's admission, the Minister did not. It was thus necessary for SAPOA to seek admission by way of an application in terms of rule 16(4). SAPOA also sought leave to make oral submissions and to adduce further evidence on appeal. For these reasons the presiding judge in consultation with the remaining members of the Court permitted SAPOA to deliver written argument and to make oral submissions at the hearing of the appeal encompassing both whether it should be admitted as an amicus curiae and the merits.

[11] The contentions advanced on behalf of SAPOA were clearly new and of assistance to the Court in dealing with the merits of the appeal. As the submissions from the amicus undoubtedly assisted the court in its deliberations, the application for admission had to succeed. The same cannot be said about SAPOA's application for leave to lead further evidence. The evidence consisted of what it termed 'practical examples'. In terms of s 19(b) of the Superior Court Act 10 of 2013, this Court is empowered to receive further evidence on appeal. The general principle is that an appellate Court does not decide an appeal according to new circumstances that came into existence after the judgment appealed against. But there may be exceptional circumstances where it might be able to take cognisance of subsequent events. The power to admit evidence on appeal should be exercised sparingly.

[12] In terms of rule 16(8) an amicus curiae is ordinarily 'limited to the record on appeal and may not add thereto. . .'. In *Minister of Justice and Constitutional Development and Others v Southern Africa Litigation Centre and Others* [2016] ZASCA 17; 2016 (3) SA 317 (SCA) this Court held at para 29:

'An amicus is not entitled to submit further evidence to the Court but is confined to the record. That is expressly provided in rule 16(8). It is unnecessary to consider whether there are exceptional circumstances in which the Court hearing the appeal may relax that

<sup>&</sup>lt;sup>1</sup> Weber-Stephen Products Co v Alrite Engineering (Pty) Ltd and Others 1992 (2) SA 489 (A) at 507D-E.

rule. In making submissions the amicus is not permitted to traverse ground already covered by other parties, but is confined to making submissions on the new contentions that it wishes to place before the Court. In that regard it is apposite to point out that adding additional references, whether to case law or to academic writings, on the matters canvassed in the heads of argument of the litigants, does not amount to advancing new contentions. That obviously does not exclude placing material before the Court to demonstrate that a point of controversy between the parties has been settled by way of an authoritative judgment. It would only be if there had, for example, been an authoritative decision placing a legal issue thought to be controversial beyond dispute that an amicus may include that in its argument. Otherwise it is confined to its new and different contentions and these must be clearly stated.' (Footnotes omitted.)

[13] It would be prejudicial to the Minister for evidence relating to 'practical examples' to be admitted without the Minister having had the opportunity to respond to such evidence. The new factual material is not common cause or otherwise incontrovertible. It follows therefore that the application to lead further evidence must fail.

### Preliminary Issues

[14] Although some argument was initially advanced as to whether this is a PAJA or legality review, it ultimately came to be accepted that nothing turns on the point. The argument proceeded on the basis that whether or not the Minister exceeded his powers in promulgating the regulations was indeed subject to review. As this court observed in *Minister of Home Affairs and Another v Public Protector of the Republic of South Africa*: 'No procedural differences arise and the grounds of review that apply in respect of both pathways to review derive ultimately from the same source – the common law – although, in the PAJA, those grounds have been codified.'2

<sup>&</sup>lt;sup>2</sup> Minister of Home Affairs and Another v Public Protector of the Republic of South Africa [2018] ZASCA 15; [2018] 2 All SA 311 (SCA); 2018 (3) SA 380 (SCA) para 38.

[15] Before analysing the provisions of the impugned regulations it is necessary to address first Afribusiness' contention that the regulations are invalid on the ground that they were enacted in a procedurally unfair manner, or that the Minister, before adopting them, had failed to comply with the Socio-Economic Impact Assessment System Guidelines (SEIAS Guidelines). Neither point need detain us. Although by no means persuaded, I shall assume (without deciding) in the Minister's favour that sufficient time had been provided for comments on the Draft Regulations. I am also willing to assume in the Minister's favour that his failure to comply with SEIAS Guidelines did not render the 2017 Regulations unlawful.

### **Legal Framework**

- [16] Section 5 of the Framework Act empowers the Minister to make regulations. It provides as follows:
- '(1) The Minister may make regulations regarding any matter that may be necessary or expedient to prescribe in order to achieve the objects of this Act.
- (2) Draft regulation must be published for public comment in the Government Gazette and every Provincial Gazette before promulgation.'

According to its Preamble, the Framework Act was enacted to give effect to s 217(3) of the Constitution by providing a framework for the implementation of the procurement policy contemplated in s 217(2) of the Constitution; and to provide for matters connected therewith. And, 'preferential procurement policy' is defined in the Framework Act to mean 'a procurement policy contemplated in s 217(2) of the Constitution'.

### [17] Section 217 of the Constitution reads:

- '(1) When an organ of state in the national, provincial or local sphere of government, or any other institution identified in national legislation, contracts for goods or services, it must do so in accordance with a system which is fair, equitable, transparent, competitive and cost-effective.
- (2) Subsection (1) does not prevent the organs of state or institutions referred to in that subsection from implementing a procurement policy providing for—
- (a) categories of preference in the allocation of contracts; and

- (b) the protection or advancement of persons, or categories of persons, disadvantaged by unfair discrimination.
- (3) National legislation must prescribe a framework within which the policy referred to in subsection (2) must be implemented.'
- [18] The national legislation contemplated in s 217(3) is the Framework Act. Section 1 of the Framework Act defines 'acceptable tender' to mean 'any tender which, in all respects, complies with the specifications and conditions of tender as set out in the tender documents'.<sup>3</sup> In terms of s 2:
- '(1) An organ of state must determine its preferential procurement policy and implement it within the following framework:
- (a) A preference point system must be followed;
- (b) (i) for contracts with a Rand value a prescribed amount a maximum of 10 points may be allocated for specific goals as contemplated in paragraph (d) provided that the lowest acceptable tender scores 90 points for price;
- (ii) for contracts with a Rand value equal to or below a prescribed amount a maximum of 20 points may be allocated for specific goals as contemplated in paragraph (d) provided that the lowest acceptable tender scores 80 points for price;
- (c) any other acceptable tenders which are higher in price must score fewer points, on a *pro rata* basis, calculated on their tender prices in relation to the lowest acceptable tender, in accordance with a prescribed formula;
- (d) the specific goals may include—
- (i) contracting with persons, or categories of persons, historically disadvantaged by unfair discrimination on the basis of race, gender or disability;
- (ii) implementing the programmes of the Reconstruction and Development Programme as published in *Government Gazette* No. 16085 dated 23 November 1994;
- (e) any specific goal for which a point may be awarded, must be clearly specified in the invitation to submit a tender;

<sup>&</sup>lt;sup>3</sup> In Chairperson: Standing Tender Committee and Others v JFE Sapela Electronics (Pty) Ltd and Others [2005] 4 All SA 487 (SCA) Scott JA said (para 14):

<sup>&#</sup>x27;The definition of "acceptable tender" in the Preferential Act must be construed against the background of the system envisaged by section 217(1) of the Constitution, namely one which is "fair, equitable, transparent, competitive and cost-effective". In other words, whether "the tender in all respects complies with the specifications and conditions set out in the contract documents" must be judged against these values.'

- (f) the contract must be awarded to the tenderer who scores the highest points, unless objective criteria in addition to those contemplated in paragraphs (d) and (e) justify the award to another tenderer; and
- (g) any contract awarded on account of false information furnished by the tenderer in order to secure preference in terms of this Act, may be cancelled at the sole discretion of the organ of state without prejudice to any other remedies the organ of state may have.
- (2) Any goals contemplated in subsection (1) (e) must be measurable, quantifiable and monitored for compliance.'
- [19] The attack is directed at regulations 3(b), 4, 9 and 10 of the 2017 Regulations. Regulation 3(b) reads:

'An organ of state must-

determine whether pre-qualification criteria are applicable to the tender as envisaged in regulation 4;'

Regulation 4(1), which deals with pre-qualification criteria for preferential procurement, provides:

- '(1) If an organ of state decides to apply pre-qualifying criteria to advance certain designated groups, that organ of state must advertise the tender with a specific tendering condition that only one or more of the following tenderers may respond-
- (a) a tenderer having a stipulated minimum B-BBEE status level of contributor;
- (b) an EME or QSE:
- (c) a tenderer subcontracting a minimum of 30% to-
- (i) an EME or QSE which is at least 51% owned by black people;
- (ii) an EME or QSE which is at least 51% owned by black people who are youth;
- (iii) an EME or QSE which is at least 51% owned by black people who are women;
- (iv) an EME or QSE which is at least 51% owned by black people with disabilities;
- (v) an EME or QSE which is 51% owned by black people living in rural or underdeveloped areas or townships;
- (vi) a cooperative which is at least 51% owned by black people;
- (vii) an EME or QSE which is at least 51% owned by black people who are military veterans;
- (viii) and EME or QSE.'

In terms of Regulation 4(2), '[a] tender that fails to meet any pre-qualifying criteria stipulated in the tender documents is an unacceptable tender.'

- [20] Regulation 9 deals with Subcontracting. It provides:
- '(1) If feasible to subcontract for a contract above R30 million, an organ of state must apply subcontracting to advance designated groups.
- (2) If an organ of state applies subcontracting as contemplated in subregulation (1), the organ of state must advertise the tender with a specific tendering condition that the successful tenderer must subcontract a minimum of 30% of the value of the contract to-
- (a) an EME or QSE;
- (b) an EME or QSE which is at least 51% owned by black people;
- (c) an EME or QSE which is at least 51% owned by black people who are youth;
- (d) an EME or QSE which is at least 51% owned by black people who are women;
- (e) an EME or QSE which is at least 51% owned by black people with disabilities;
- (f) an EME or QSE which is at least 51% owned by black people living in rural or underdeveloped areas or townships;
- (g) a cooperative which is at least 51% owned by black people;
- (h) an EME or QSE which is at least 51% owned by black people who are military veterans; or
- (i) more than one of the categories referred to in paragraphs (a) to (h).
- (3) The organ of state must make available the list of all suppliers registered on a database approved by the National Treasury to provide the required goods or services in respect of the applicable designated groups mentioned in subregulation (2) from which the tenderer must select a supplier.'
- [21] Regulation 10, which deals with criteria for breaking a deadlock in scoring, provides:
- '(1) If two or more tenderers score an equal total number of points, the contract must be awarded to the tenderer that scored the highest points for B-BBEE.
- (2) If functionality is part of the evaluation process and two or more tenderers score equal total points and equal preference points for B-BBEE, the contract must be awarded to the tenderer that scored the highest points for functionality.

- (3) If two or more tenderers score equal total points in all respects, the award must be decided by the drawing of lots.'
- [22] 'Designated Group' is defined in Regulation 1 as:
- '(a) black designated groups;
- (b) black people;
- (c) woman;
- (d) people with disabilities; or
- (e) small enterprises as defined in Section 1 of the National Small Enterprise, 1996 (Act No 102 of 1996)'

### Approach by the High Court

[23] The high court held that the 2017 Regulations are lawful and rational on the basis that 'they follow a preference point system, as required by s 2(1)(a) of the PPPFA. They permit the application of the 80/20 and 90/10 split for contract value that is contemplated in s 2(1)(b) of the PPPFA. They do not interfere with the requirement that tenders with a higher price must be given pro rata lower scores in terms of s 2(1)(c) of the PPPFA. They permit tenders to be awarded tenderers who do not score the highest points in the circumstances permitted under s 2(1)(f) of the PPPFA. They do not interfere with the application of s 2(1)(g) of the PPPFA. [They] do not elevate race to a pre-qualification . . . .

### Submissions on behalf of Afribusiness

[24] Afribusiness argued that the 2017 Regulations, in particular Regulations 4 and 9 provide respectively, for pre-qualification criteria, which must be applied before determining the award of a tender on the preference point system. It contended that the purpose of pre-qualifying and sub-contracting criteria is to prefer 'designated groups' above other tenderers. According to Afribusiness, the 2017 Regulations put the cart before the horse by providing that the tenderers who qualify to tender, may first be determined according to, inter alia, race, gender and disability, and only thereafter in terms of the preference points system. It argued

that s 2 of the Framework Act does not allow for qualifying criteria, which may disqualify a potential tenderer from tendering for State contracts.

[25] Counsel for Afribusiness submitted that, upon a proper interpretation of s 2(1), the high court's criticism that Afribusiness places undue emphasis on s 2(1)(b) of the Framework Act, is unwarranted. He argued that as envisaged in s 217(2) of the Constitution, provision is made for the protection and advancement of persons, or categories of persons, disadvantaged by unfair discrimination, by allowing for specific goals to be taken into account as part of the preference point system, the points to be allocated for such specific goals to be limited to 10 points for higher value contracts, and 20 points for lower value contracts. In terms of s 2(1)(d) of the Framework Act the specific goals may include contracting with persons or categories of persons, historically disadvantaged by unfair discrimination on the basis of race, gender or disability. Persons disadvantaged on the basis of race, gender and disability can therefore, in terms of the Framework Act be preferred, by scoring respectively 10 or 20 additional points before price is taken into account.

[26] Counsel maintained that it was clear from s 2(1)(f) of the Framework Act that contracts must be awarded to tenderers who score the highest points unless objective criteria in addition to those contemplated in paras (d) and (e) justify the award to another tenderer. Section 2(1)(f), he submitted, is cast in peremptory terms which therefore means that the first step in determining to whom the contract must be awarded is to determine which tenderer has scored the highest points on the basis of points for price and for special goals, including historic unfair discrimination on the basis of race, gender and disability. The next step is to determine whether there are objective criteria, in addition to those contemplated in paragraphs (d) and (e), necessarily implying objective criteria over and above historic discrimination on grounds of race, gender or disability.

[27] In support of this proposition counsel referred to *Mosene Road Construction v King Civil Engineering Contractors*,<sup>4</sup> in which Harms DP concluded:

'The award of Government tenders is governed by Section 217(1) of the Constitution . . . National legislation must prescribe the framework for the implementation of any preferential policy (s 217(3)). This is done by the Preferential Procurement Policy Framework Act 5 of 2000. It provides that Organs of State must determine their preferential procurement policy based on a points system. The importance of a points system is that contracts must be awarded to the tenderer who scores the highest points unless objective criteria justify the award to another tenderer (s 2(1)(f)).'

[28] In *Grinaker LTA Ltd v Tender Board (Mpumalanga)*<sup>5</sup> De Villiers J remarked: 'Paragraph *(f)*, in my view, contemplates objective criteria over and above those contemplated in paragraphs *(d)* and *(e)*... To put it differently, the legislature did not intend that criteria contemplated in paragraphs *(d)* and *(e)*, should be taken into account twice, firstly in determining what score was achieved out of 10 in respect of the criteria contemplated in these paragraphs, and, secondly, in taking into account those self-same criteria to determine whether objective criteria justified the award of the contract to another tenderer than the one who had scored the highest points.

. . .

In any event, as indicated, the HDI factors referred to are not objective criteria, as contemplated in Section 2(1)(f) of the Procurement Act.'

[29] Afribusiness thus argued that it is clear from jurisprudence on the Framework Act that s 2 posits a two-stage enquiry: The first step is to determine which tenderer scored the highest points in terms of the 90/10 or 80/20 points system; the next stage is to determine whether objective criteria exist, in addition to those referred in ss 2 (1)(d) and (e), which justify the award of a tender to a lower scoring tenderer. It was accordingly submitted that the legislature, through the Framework Act, seems to have afforded a very limited discretion to organs of

state with regard to the award of a contract to a bidder who does not score the highest points.

### Submissions on behalf of the Amicus

[30] SAPOA submitted that the pre-qualification criteria provided for in regulation 4 of the 2017 Regulations are contrary to the objective of competitive bidding and inconsistent with s 217 of the Constitution. It argued that the blanket 'permission' to apply pre-qualification criteria, in terms of regulation 4, without creating a framework for that criteria, lends itself to abuse and the manipulation of tenders to the detriment of potential bidders.

[31] SAPOA further submitted that the 2017 Regulations are not rationally connected to, first, the purpose for which they are promulgated; second, the purpose of the empowering legislation, the Framework Act as read with s 217 of the Constitution, and the B-BBEE Act, which has one of its objectives as 'increasing the extent to which black women own and manage existing and new enterprises, and increasing their access to economic activities infrastructure and skills training'; third, the information before the administrator or, fourth, the reasons given for it by the administrator.

[32] It was further submitted by SAPOA that regulation 4 is not only contrary to the framework of s 2 of the Framework Act as Afribusiness contends, but even insofar as the Minister may be empowered to create an additional framework outside s 2 of the Framework Act, the Minister has failed to do so in a manner that is rational, lawful and fair. In addition, SAPOA contended that the 2017 Regulations, specifically regulation 4 does not, as required by s 217(3) of the Constitution, prescribe a framework for the proper and legal implementation of s 217(2) of the Constitution in compliance with s 217(1) of the Constitution.

### Submissions on behalf of the Minister

[34] The second feature is one that may arise after the point-scoring exercise is complete and this allows organs of state to award a tender to a bidder who does not score the highest points, but rather to another bidder who satisfies certain other 'objective criteria'.

[35] It was submitted on behalf of the Minister that s 2 of the Framework Act does not constrain the Minister. It constrains the organs of state. This was so, it was argued, because when the Minister makes Regulations, he does not act as an organ of state and is not exercising powers under s 217(1) of the Constitution. The source of power is s 5 of the Framework Act, it was argued. Section 5 of the Framework Act, the argument proceeded, confers wide powers on the Minister to legislate what is considered to be 'necessary or expedient'. For this proposition counsel placed reliance on *Omar and Others v Minister of Law and Order and Another, Fani and Others v Minister of Law and Order and Others; State President and Others v Bill 1987(3) SA 859 (A) in which the phrase 'necessary or expedient' was interpreted as conferring on the Minister wide discretionary powers.* 

### **Analysis**

[36] It may be convenient to first dispose of the last submission advanced on behalf of the Minister. In my view, the *Omar* case does not assist the Minister. In that matter (at 892A) the Court explained that the Legislature was justified in giving

the Minister such wide powers, because of the need to ensure the safety of the public during a state of emergency, when extraordinary measures were required to be put in place. The meaning which the court ascribed to the words 'necessary or expedient' was thus based on a consideration of the context in which and the purpose for which the relevant legislation was enacted.

[37] As s 5 of the Framework Act itself makes plain, the Minister's powers are not unconstrained. He may only make regulations 'regarding any matter that may be necessary or expedient to prescribe in order to achieve the objects of the Act'. Section 2 of the Framework Act is headed 'Framework for the implementation of preferential procurement policy'. On a proper reading of the regulations the Minister has failed to create a framework as contemplated in s 2. It is correct that the application of the pre-qualification requirements is largely discretionary. But the regulations do not provide organs of state with a framework which will guide them in the exercise of their discretion should they decide to apply the pre-qualification requirements.

[38] The discretionary pre-qualification criteria in regulation 4 of the 2017 Regulations constitutes a deviation from the provision of s 217(1) of the Constitution which enjoins organs of state when contracting for goods or services, to do so in in accordance with a system which is fair, equitable, transparent, competitive and cost-effective. Any pre-qualification requirement which is sought to be imposed must have as its objective the advancement of the requirements of s 217(1) of the Constitution. The pre-qualification criteria stipulated in regulation 4 and other related regulations do not meet this requirement. Points are to be allocated to bidders based on the goals set out in s 2 of the Framework Act. The discretion which is conferred on organs of state under regulation 4 to apply pre-qualification criteria in certain tenders, without creating a framework for the application of the criteria, may lend itself to abuse and is contrary to s 2 of the Framework Act.

[39] The procurement process must comply with five key principles. It must be equitable, transparent, fair, competitive and cost-effective. As Ponnan JA explained in *Airports Company South Africa SOC Ltd v Imperial Group Ltd and Others*:7

'The general rule under s 217 of the Constitution is that all public procurement must be effected in accordance with a system that is fair, equitable, transparent, competitive and cost-effective. The only exception to that general rule is that envisaged by ss 217(2) and (3). Section 217(2) allows organs of state to implement preferential procurement policies, that is, policies that provide for categories of preference in the allocation of contracts and the protection and advancement of people disadvantaged by unfair discrimination. Express provision to permit this needed to be included in the Constitution in order for public procurement to be an instrument of transformation and to prevent that from being stultified by appeals to the guarantee of equality and non-discrimination in s 9 of the Constitution. The freedom conferred on organs of state to implement preferential procurement policies is however circumscribed by s 217(3), which states that national legislation must prescribe a framework within which those preferential procurement policies must be implemented. The clear implication therefore is that preferential procurement policies may only be implemented within a framework prescribed by national legislation. It follows that the only escape for ACSA from the reach of s 217(1) is if it is able to bring itself within ss (2) and (3).'

I entirely agree with this analysis of s 217 of the Constitution.

[40] It follows therefore that the Minister's promulgation of regulations 3(b), 4 and 9 was unlawful. He acted outside his powers under s 5 of the Framework Act. In exercising the powers to make the 2017 Regulations, the Minister had to comply with the Constitution and the Framework Act, which is the national legislation that was enacted to give effect to s 217 of the Constitution. The framework providing for the evaluation of tenders provides firstly for the determination of the highest points scorer and thereafter for consideration of objective criteria which may justify the award of a tender to a lower scorer. The framework does not allow for the

Airports Company South Africa SOC Ltd v Imperial Group Ltd and Others [2020] ZASCA 2; 2020
 (4) SA 17 (SCA) para 64.

preliminary disqualification of tenderers, without any consideration of a tender as such. The Minister cannot through the medium of the impugned regulations create a framework which contradicts the mandated framework of the Framework Act.

- [41] The Minister's decision is ultra vires the powers conferred upon him in terms of s 5 of the Framework Act. The Constitutional Court held in *Minister of Constitutional Development and Another v South African Restructuring and Insolvency Practitioners Association and Others* [2018] ZACC 20; 2018 (5) SA 349 (CC) para 27 that the rule ultra vires 'forms part of the principle of legality which is an integral component of the rule of law'. This principle was affirmed by the Constitutional Court in *Affordable Medicines Trust and Others v Minister of Health and Others* [2005] ZACC 3; 2006 (3) 247 (CC):
- '[49] The exercise of public power must therefore comply with the Constitution, which is the supreme law, and the doctrine of legality, which is part of that law. The doctrine of legality, which is an incident of the rule of law, is one of the constitutional controls through which the exercise of public power is regulated by the Constitution. It entails that both the Legislature and the Executive "are constrained by the principle that they may exercise no power and perform no function beyond that conferred upon them by law". In this sense the Constitution entrenches the principle of legality and provides the foundation for the control of public power.' (Footnotes omitted.)
- [42] The Constitutional Court went on to hold at para 50:
- In exercising the power to make regulations, the Minister had to comply with the Constitution, which is the supreme law, and the empowering provisions of the Medicines Act. If, in making regulations, the Minister exceeds the powers conferred by the empowering provisions of the Medicines Act, the Minister acts *ultra vires* (beyond the powers) and in breach of the doctrine of legality. The finding that the Minister acted *ultra vires* is in effect a finding that the Minister acted in a manner that is inconsistent with the Constitution and his or her conduct is invalid. What would have been *ultra vires* under common law by reason of a functionary exceeding his or her powers is now invalid under the Constitution as an infringement of the principle of legality. The question, therefore, is whether the Minister acted *ultra vires* in making regulations that link a licence to compound

and dispense medicines to specific premises. The answer to this question must be sought in the empowering provisions.' (Footnotes omitted.)

[43] It is correct that the discretionary pre-qualification criteria stipulated in regulation 4 may constitute an antecedent step. But the antecedent step that is introduced in regulation 4 creates an additional layer which, neither s 217 of the Constitution, nor s 2 of the Framework Act, authorises. The Minister may not in terms of s 5 of the Framework Act make regulations which permit organs of state to incorporate in their tender documents conditions which are inconsistent with s 217 of the Constitution and the Framework Act. In its application, the antecedent step may well disqualify certain tenderers who do not otherwise fall to be disqualified by the Framework Act. In that the Minister has exercised a power that is reserved for the legislature.

[44] That leaves regulation 10: Afribusiness' argument is that regulation 10 is unlawful in that it puts B-BBEE above other considerations and it is only if functionality is part of the evaluation process that the contract must go to the tenderer that scores the highest points for functionality. In my view there is nothing objectionable about regulation 10. It seeks to address a much later stage of the evaluation process. If by then tenderers are equally ranked there can be no objection to B-BBEE, in the first instance, being used to break the deadlock. At that stage all tenderers would already have met the functionality requirement.

### Remedy

- [45] In terms of s 172(1) of the Constitution:
- '(1) When deciding a constitutional matter within its power, a court-
- (a) must declare that any law or conduct that is inconsistent with the Constitution is invalid to the extent of its inconsistency; and
- (b) may make any order that is just and equitable, including—
- (i) an order limiting the retrospective effect of the declaration of invalidity; and
- (ii) an order suspending the declaration of invalidity for any period and on any conditions, to allow the competent authority to correct the defect.'

This may include suspending the order of invalidity to enable the Minister to take corrective action or set aside only those regulations, whose provisions are inconsistent with the Framework Act and s 217 of the Constitution.

[46] Counsel for the Minister submitted that in the event that the Court finds against the Minister on the merits, it should consider setting aside regulation 4 only and not the regulation in its entirety. However, that option, due to the interconnectedness of the regulations, may not be an appropriate one. It was further submitted that any order of invalidity should be suspended for a period of 12 months to allow the Minister to remedy the defects. The appropriate remedy in the circumstances will be to declare the 2017 Regulations to be inconsistent with s 217 of the Constitution and s 2 of the Framework Act and suspend the order of invalidity for a period of 12 months from the date of this order.

- [47] In the result I make the following order:
- 1 The appeal is upheld with costs.
- The order of the court a quo is set aside and is replaced with the following order:
- '(a) The application succeeds with costs.
- (b) It is declared that the Preferential Procurement Regulations, 2017 are inconsistent with the Preferential Procurement Policy Framework Act 5 of 2000 and are invalid.
- (c) The declaration of invalidity referred to in para (b) above is suspended for a period of 12 months from the date of this order.'

### Preferential Procurement Regulations, 2017 - Minister of Finance v Afribusiness NPC [2022] ZACC 4

On Wednesday, 16 February 2022, the Constitutional Court handed down judgment in the application for leave to appeal against a judgment and order of the Supreme Court of Appeal. This application was brought by the Minister of Finance (Minister) against Afribusiness NPC, and concerns the validity of the Preferential Procurement Regulations, 2017 (Procurement Regulations) promulgated by the Minister on 20 January 2017, in terms of section 5 of the Preferential Procurement Policy Framework Act, 2000 (Procurement Act).

The Supreme Court of Appeal (SCA) held that the Minister's promulgation of regulations 3(b), 4 and 9 of the Procurement Regulations was unlawful. Due to what the SCA held to be the interconnectedness of the regulations, the entirety of the Procurement Regulations was declared invalid on the basis that the content of the Regulations exceeded what the Minister could permissibly regulate in terms of section 5 of the Procurement Act and section 217 of the Constitution. The declaration of invalidity was suspended for 12 months. In terms of section 18(1) of the Superior Courts Act, the SCA's judgment and orders were suspended when the Minister launched the application for leave to appeal.

The majority judgment of the Constitutional Court dismissed the appeal against the SCA judgment. The majority judgment was silent on the question of remedy. It did not address itself to the specific issue of the status of the SCA's order of suspension. The minority judgment addresses the issue at footnote 28, where it asserts that "the period of suspension expired on 2 November 2021". This assertion is in conflict with section 18(1) of the Superior Courts Act, on its face, and neither of the judgments address the issue of suspension in the body of their orders.

Neither judgment purports to set aside or replace the order of the SCA. The order of the Constitutional Court confines itself to granting leave to the Minister to appeal, and dismissing the appeal against the SCA's order. The legal position, accordingly — although not what the Constitutional Court seemed to intend — is that the SCA's order is no longer suspended in terms of section 18(1) of the Superior Courts Act, the suspensive period of invalidity has been re-engaged, and the Procurement Regulations have been and continue to be of full force and effect.

The Minister will, on an urgent basis, be seeking confirmation from the Constitutional Court that the invalidity of the Procurement Regulations has been and continues to be suspended. Confirmation will be sought by way of declaration, variation and/or clarification. In other words, guidance is

required as to whether the Procurement Regulations remain valid until 15 March 2023, unless repealed sooner.

While awaiting the outcome of the above guidance from the Constitutional Court, organs of state are advised that-

- tenders advertised before 16 February 2022 be finalised in terms of the Procurement Regulations:
- tenders advertised on or after 16 February 2022 be held in abeyance; and
- no new tenders be advertised.

To all organs of state

Advisory note: Preferential Procurement Regulations, 2017 - Minister of Finance v Afribusiness NPC [2022] ZACC 4

- 1. I refer to my communication of 25 February 2022 informing organs of state that the Minister will, on an urgent basis, seek confirmation from the Constitutional Court that the invalidity of the Preferential Procurement Regulations, 2017 (the 2017 Regulations), has been and continues to be suspended for a period of 12 months.
- 2. Please note that the communication of 25 February 2022 is an advisory note in response to the numerous requests for guidance regarding how to deal with the implications of the Constitutional Court judgment. Please further note that the advice referred to in that communication excludes procurement with a Rand value of less than R30 000 obtained through price quotations and petty cash.
- 3. According to section 217(2) of the Constitution, read with section 2 of the Preferential Procurement Policy Framework Act, 2000 (PPPFA), organs of state must determine a preferential procurement policy. This policy and procurement decisions must be made by an accounting officer/authority in line with the framework set out in section 2 of the PPPFA and other applicable legislation.
- 4. The PPPFA requires that the threshold amounts in which the 80/20 and 90/10 preference point systems must be utilised, together with the formula to be applied, must be prescribed by regulations, in terms of section 2(1)(b) and (c). Such regulations are necessary for organs of state to implement their preferential procurement policies.
- 5. National Treasury is preparing new draft regulations in terms of the Preferential Procurement Policy Framework Act, 2000 (Act), to be published for comment in the week of 7 March 2022. The draft regulations will provide for amounts and the formula that must be prescribed by regulation in terms of section 2(1)(b) and (c) of the Act and any matter that may be necessary or expedient to prescribe in order to achieve the objects of the Act.
- 6. Until the new regulations take effect or the Constitutional Court's clarity on the suspension of the invalidity of the 2017 Regulations is provided, whichever occurs first, an organ of state may, in terms of section 3(c) of the Act, request an exemption from the provisions of the Act for a specific procurement or category of procurement requirements. Such requests should be limited to

procurement requirements that cannot await the new regulations or the Constitutional Court's guidance.

7. The papers for seeking the Constitutional Court's clarity are being finalised and organs of state will be advised once these are filed, and of further developments.
